## '76 CLASS THEME

# YOU'LL NEVER WALK ALONE

When you walk through a storm,  
Hold your head up high  
And don't be afraid of the dark,  
At the end of the storm is a golden sky  
And the sweet silver song of a lark.

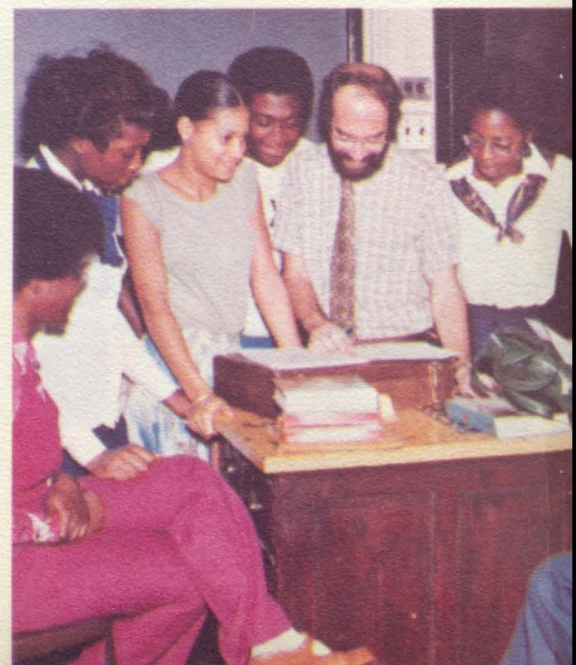

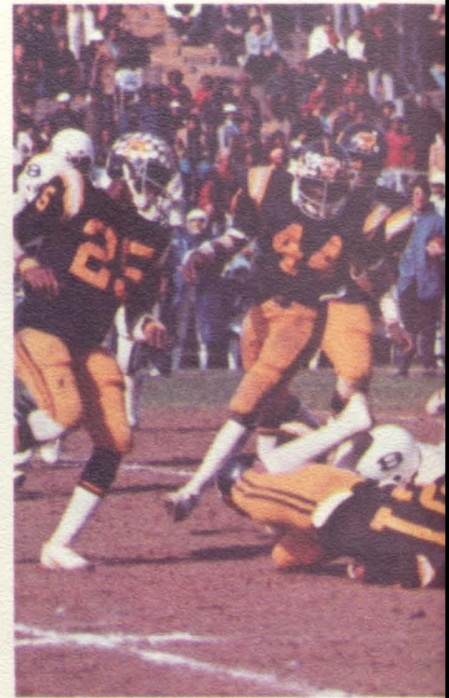

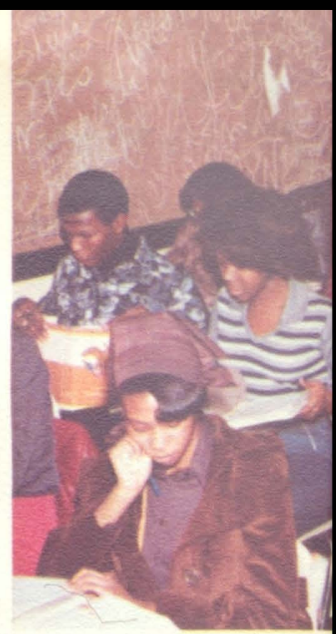

Walk on through the wind,  
Walk on through the rain,  
Tho' your dreams be tossed and blown  
Walk, on, walk on, with hope in your heart,  
And you'll never walk alone  
You'll never walk alone.

—by Rodgers & Hammerstein

## DEDICATION

We, the Graduating Class of 1976, wish to dedicate our yearbook to Mrs. Valerie Hammond, our Practical Arts teacher and advisor of the cheerleaders, and Mr. Vincent Finch, our Physical Education teacher and coach of the football team, for their trustworthiness, concern, understanding, and undenying devotion to Malcolm X Shabazz High School.

They have given us the ability to become more aware of ourselves and struggle for success in the future. Through their guidance, they have instilled in us a sense of unity, love for each other, courage, and confidence.

Assisting us in these ways and many more make the class of 1976 proud to honor them in our yearbook the Optimist.

## PRINCIPAL'S MESSAGE

The world that you are about to enter, despite its turmoil and the trials you will face, is a wonderful place. It is a world full of challenges for you, challenges which will test how well we have done our jobs in terms of preparing you for whatever the next phase of your careers. If we have done our jobs well and if you assume your responsibilities to the best of your abilities, who could ask for anything more? In the final analysis, your scholastic success rests with you, for it is by your accomplishments, or lack of them, that your school will be judged.

I offer the following "12 Things to Remember" as a guide for your daily living:

1. The value of time.
2. The success of perseverance.
3. The pleasure of working.
4. The dignity of simplicity.
5. The worth of character.
6. The power of kindness.
7. The influence of example
8. The obligation of duty.
9. The wisdom of economy.
10. The virtue of patience.
11. The improvement of talent.
12. The joy of originating.

Marshall Field

Finally, remember the words of our various masters • when they said, "The fear of the Almighty is the beginning of knowledge, but fools despise wisdom and instruction."

IN MEMORIAM — Mr. Kenneth D. Bergman

ADMINISTRATIVE ASSISTANT

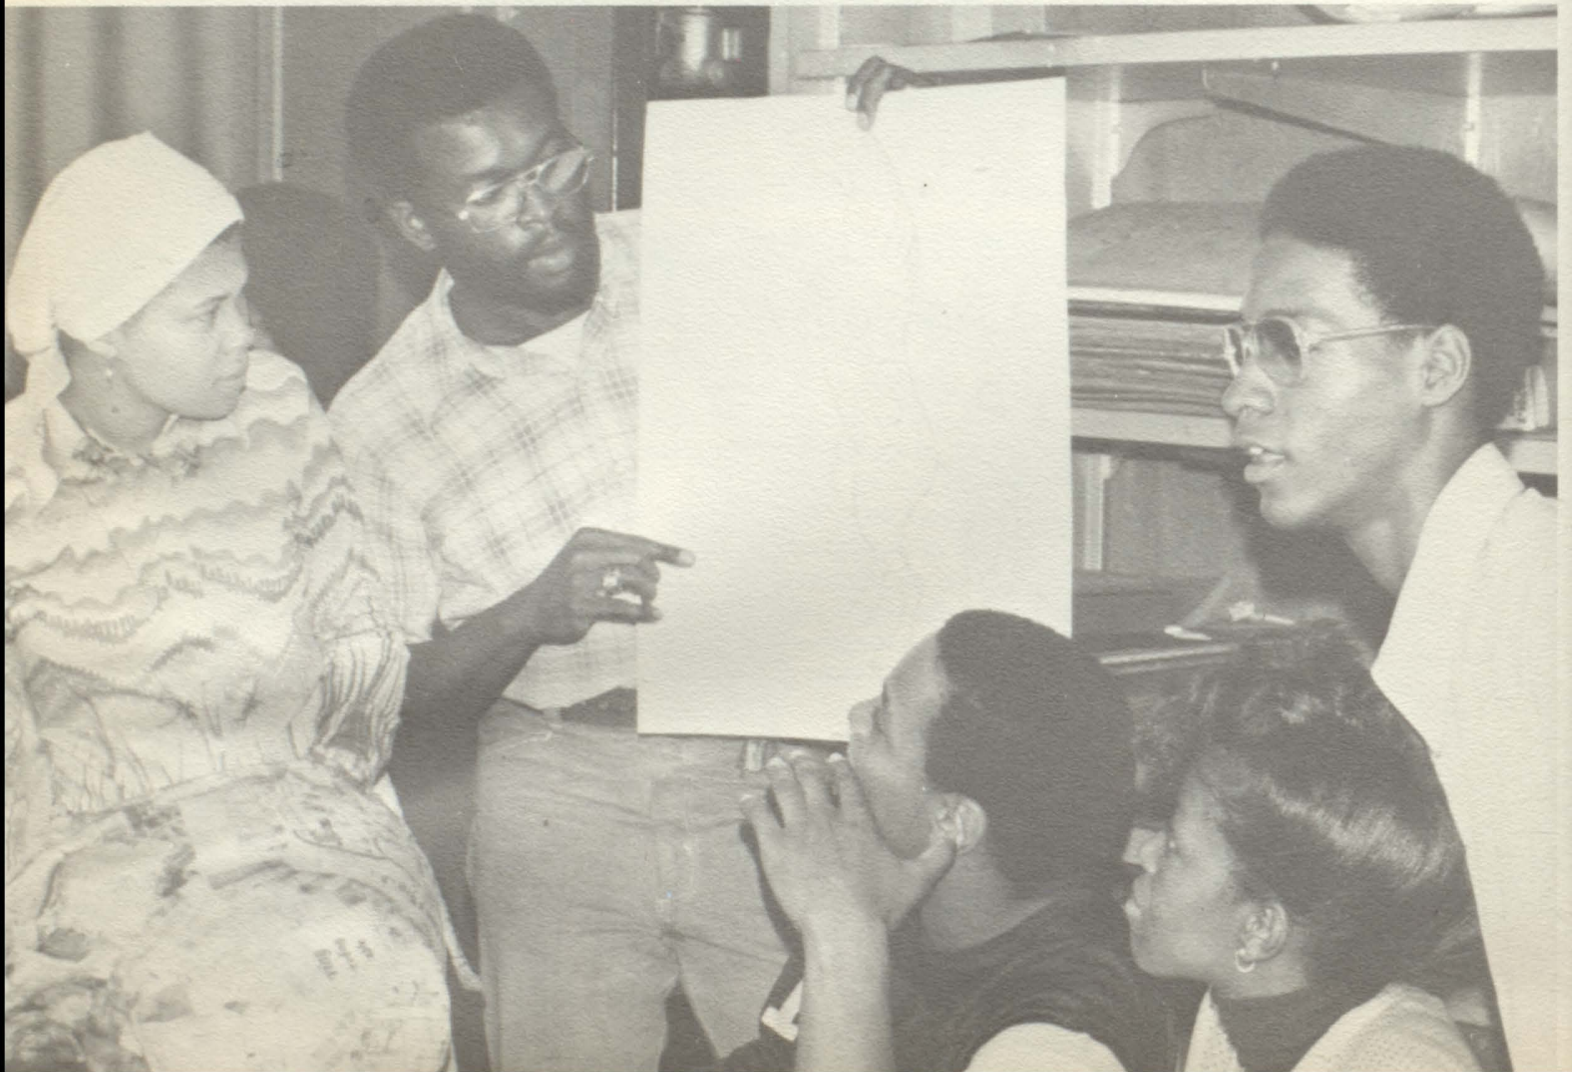

April 7, 1932—August 2, 1975

Mr. Kenneth Bergman, known as a science teacher to some and Administrative Assistant to others, served this system well for sixteen years.

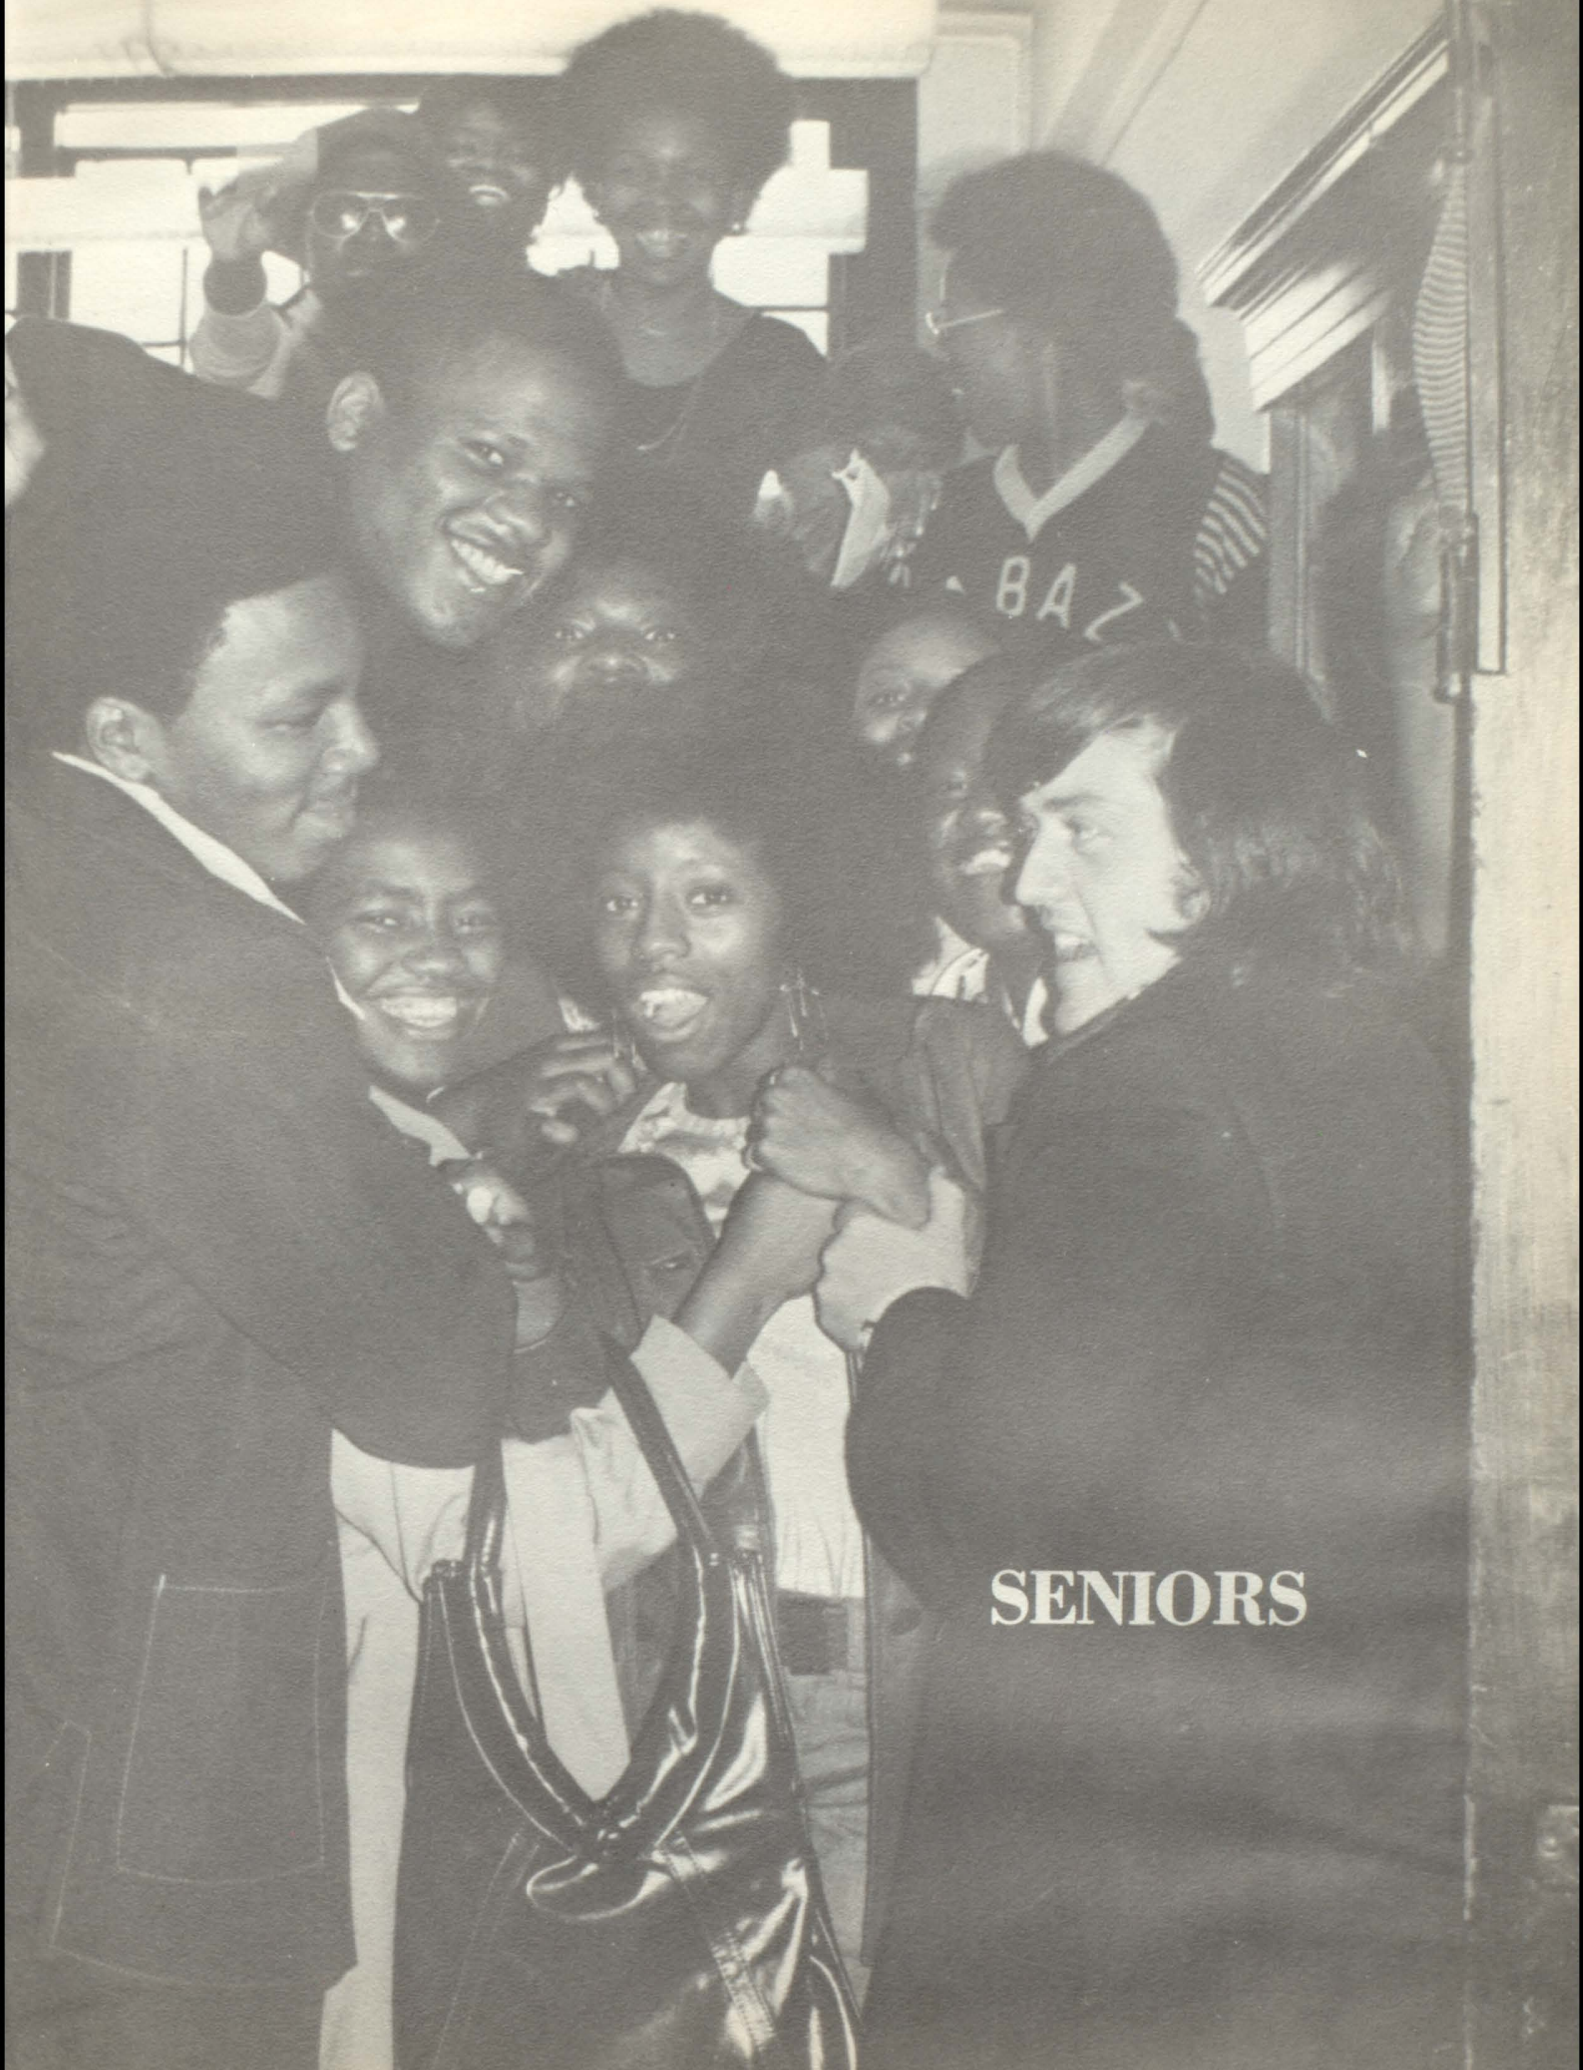

A product of the Newark School System, Mr. Bergman went on to attend Howard University where he received a B.S. degree. He continued his studies at Kean College. Upon completion of post-graduate work in administration/supervision, he was selected for the position of Administrative Assistant at Shabazz.

The students at Shabazz will always remember Mr. Bergman as someone to be respected and as someone who was concerned about them. We are indeed fortunate to have been touched by him for "he gave of himself endeavoring to be a friend to mankind."

## YOUNG AND FREE

Some say it's all over  
The worst has passed and gone  
But I say it has just begun  
With a future guaranteed by none.

We're young, we're free  
But where will it lead us?  
Too many are led to inescapable places  
Too many learn when it's all too late.

But maybe if we try  
We'll be the exception  
The class who refused to be told no  
The class that learned to penetrate  
even the most invincible barriers.

The class who broke all the rules  
And refused to fall to the wayside  
The class that told the world  
"We did it Our Way."

Class of 1976

## LIFE IN A NEGATIVE WAY

People are everywhere  
With long and Afro hair  
See that lady there in the silk and lace  
She can't find a decent place  
The black boy is sad and lonely  
For the sign says "For Whites Only"  
I see the women are on the corners  
Looking for tricks  
So that they're pimps can get their fix  
Cops are busting heads  
When they should be in bed  
There are some people who need to use soap  
But instead they shoot dope  
Children are going to school  
And coming out being fools  
Stores are selling rotten meat  
We people must eat  
Pushers are selling drugs  
People are being mugged  
Bums can't even read signs  
But yet in still they drink wine  
People walk alone through the night  
Then they tell me its because buses are on strike  
People are sore  
Garbage men don't pick up our trash anymore  
Men are going to the moon  
Babies still can't use spoons  
People are poor  
Welfare won't give anymore  
People are dying  
Children are crying  
But  
Nixons and Rockefellers are getting rich  
Big money going to organized crime  
While people have to stand in unemployment lines  
People get high on Saturday night  
Then everyone joins in the fight  
Teenagers are hauled to jail  
While their parents cry about bail  
Planes are getting hijacked  
By Maniacs  
All over your bathroom tile

Rats and roaches are running wild  
Old women are wearing hot pants  
And mini skirts  
When people laugh at them they feel hurt  
Ministers take church money  
And give it to a chick they call "Honey"  
Planes drop bombs  
We still have peeping Toms  
Everytime we look around  
Another house is burnt down  
In order to get well  
Junkies must go through hell  
Sex is now an in thing  
Everyone does it, President, the Queen and the King  
Stopping smoke from coming in the air is a solution  
For air pollution  
Ecology should be used  
And not abused  
People are carrying signs with these lines  
End the war then open up a store  
I don't want to get shot up anymore  
"Gays" are protesting for their Liberation  
And they ain't using no abbreviation  
Stevie Wonder is still blind  
Women's Lib is doing fine  
Gambling is wrong  
But its still going strong  
While Nixon is robbing  
People are starving  
Street unsafe  
So you see we can't even get to first base  
People change their hair from blue to green  
And yet they're not fit to be seen  
Young girls are having babies out of wedlock  
The guys leave them, and they can't afford to buy  
A baby's sock  
False prophets are rising up deceiving many  
They want all your money, down to the last penny  
Everyone's trying to be a gangster and a hood  
Those who can't they wish they could  
Music can charm the soul  
From all this Jive you should be old

**"I'D LIKE TO TELL YOU ABOUT**

**A PLAN THAT LETS YOUNG**

**PEOPLE ENLIST IN THE ARMY**

**AND START COLLEGE**

**AT THE SAME TIME."**

Over 1000 colleges and the Army have an educational plan called Project Ahead. It's a way for young people to enlist in the Army and start their college education at the same time.

Through Project Ahead, qualified students choose the participating school they'd like to graduate from before enlisting.

While in the Army, they'll take courses taught by accredited colleges right on post, with the Army paying up to 75% of the tuition.

After their enlistment's over, they'll be eligible for further financial assistance under the G.I. Bill. If you're interested in finding out more about Project Ahead and other opportunities, call me.
